

ADITYA VISHWAKARMA

Cybersecurity Enthusiast | Ethical Hacking | Penetration Testing

aditya20092511@gmail.com • github.com/adiitya2511 • linkedin.com/in/aditya-vishwakarma

PROFILE

Class 11 student pursuing PCM with Computer Science, focused on cybersecurity and ethical hacking. Hands-on experience with Linux, networking, reconnaissance, vulnerability assessment, web security, CTFs, and security tooling. Seeking a part-time remote cybersecurity opportunity to apply existing skills and gain supervised professional experience.

TECHNICAL SKILLS

Security	Penetration Testing • Vulnerability Assessment • Web Security • Reconnaissance • Security Scanning • OSINT • Phishing Awareness & Authorized Testing • CTFs
Networking	TCP/IP • DNS • DHCP • HTTP/HTTPS • Network Analysis • Traffic Analysis
Systems & Programming	Linux • Python • Bash • Basic SQL • GDB
Security Tools	Nmap • Wireshark • Burp Suite • SQLMap • Metasploit • Gobuster • John the Ripper • Hydra • WPScan

CTF & SECURITY ACHIEVEMENTS

- **Hackastra:** Rank #17
- **Game for Greeks:** Rank #59
- **SecLeaf:** Rank #127
- Hands-on practice with vulnerable applications, network analysis, reconnaissance, and security labs.

CERTIFICATION

Cybersecurity & Ethical Hacking Certificate — Jawahar Computer Education

EDUCATION

Class 11 — PCM + Computer Science

Currently pursuing higher secondary education.

AREAS OF INTEREST

Web Application Security • Penetration Testing • Network Security • OSINT & Reconnaissance • Security Research • Red Teaming • Python Security Automation

PORTFOLIO

GitHub: github.com/adiitya2511

Cybersecurity portfolio containing projects, CTF achievements, labs, and technical documentation.

OBJECTIVE

Seeking a **part-time remote cybersecurity internship or supervised security role** where I can apply my technical skills, contribute to authorized security work, and develop professional experience.
